DISCLOSURES & DEFINITIONS

- * Statistical data is gathered from Morningstar Principia and/or the fund manager's web site. All information contained in this document is compiled from sources believed to be reliable and current.
- * Indices are not available for direct investment. Their performance does not reflect the expenses associated with the management of a portfolio.
- * As with any investment, the holder of each fund is subject to various risk factors. These factors can be explained on a fund by fund basis.
- * The performance data shown represents past performance, which is not a guarantee of future results. Current performance may be lower or higher than the data cited.

Disclaimer: *Opinions and views expressed in this report are solely those of the author and are subject to change based on market and other conditions. These materials, including the mention of individual securities and mutual funds, are provided for informational purposes only and should not be used or construed as a recommendation or solicitation to buy or sell any security, fund or sector. Neither Headwater Investment Consulting nor any of its data or content providers (such as Morningstar) shall be liable for any errors in the content, or for any actions taken in reliance thereon. All data provided by Headwater Investment Consulting is based solely upon research information provided by third parties. Headwater Investment Consulting has not reviewed, and in no way endorses the validity of such data. Headwater Investment Consulting shall not be liable for any actions taken in reliance thereon. As with all investment decisions, please complete your own due diligence.*

- Large-Cap Stocks** - A U.S. large company stock index measured by the S&P 500. It is made up of a group of 500 of the most widely traded stocks in the U.S., as chosen by Standard & Poor's.
- Small-Cap Stocks**- Measured by the Russell 2000 which is the dominant small-cap index in the U.S. The index is comprised of the smallest 2000 stocks in the Russell 3000 Market Index.
- International Stocks**- An international stock index measured by the MSCI EAFE. It is comprised of stocks from developed markets in Europe, Australia, Asia, and the Far East.
- Emerging Markets** - An international stock index that tracks non-developed markets throughout the world. It is measured by the MSCI Emerging Markets Index.
- U.S. Bonds** - A measure of the Total U.S. Bond Market by the Barclay Capital US Aggregate Bond Index. It takes into account corporate, government, mortgage and asset backed securities.
- Foreign Bonds** - Measured by the Barclay Capital Global Aggregate Bond Index. The fund is comprised of primarily investment grade bonds from around the world.
- Real Estate** - Measured by the FTSE NAREIT Index which is a composite of Real Estate Investment Trusts traded on U.S. exchanges.
- Commodities** - Performance is represented by the Dow Jones UBS Commodity Index.
- TIPS** - Performance is represented by the Barclay Capital US Treasury Inflation Protected Securities Index. TIPS are government bonds that have adjustable coupon payments based on the rate of inflation (as measured by the CPI).
- Treasury Bills** - Short-term government issued securities with maturities less than 90 days. Because they are government issued, T-Bills are free from default risk.
